Code: 9420C
Pages: 64
Price: Rs. 96.00 US\$ 4.00

Publisher: Unicorn Books
Usually ships within 15 days

While we would need a hundred words to speak about something, a drawing can express the same thing very beautifully without the help of a single word. In this book, Drawing Figures, the Sketches, by themselves reflect what the author wants to convey to his readers. The book neither deals with the difficulties which are involved in drawing, nor is it an attempt to turn you into an expert of human anatomy. It is rather about drawing instinctively.

Unicorn Art Books teach you how to master the art of drawing your favourite things. Each delightful book is brimming with simple step by step instructions to show how you can transform basic shapes into beautiful pictures. Tips are an added feature in every book of this series that will help to create life-like presentations very easily.

Contents

1. Introduction
2. Anatomy
3. Some Basic Things
4. Lines & Strokes
5. How to Draw Hands
6. Basic Figure Drawing
7. How to Draw Feet
8. How to Finish
