Amitabh Bachchan has long since sublimated the language of cinema that is peculiar to Hindi films. He has worked its verbs, overwhelmed its adjectives, brought to life its nouns, subjugated its predicates and predicated its subjects. One realises that nearly every word in the English language could find its place in the cinematic vocabulary of Amitabh Bachchan.

Amitabh Lexicon is a compilation of selective words from the alphabets of the English language associated with different scenes from the actor's body of work – scenes where he made you cry, laugh, and all shook up. This colourful dictionary is a joyride to nostalgia for everyone who has grown up on a staple diet of Hindi films and Amitabh Bachchan.
