50 Soul Stirring Stories is a collection of delightful stories designed to develop the mind, free it from distortions and connect with the inner spirit. The protagonists here are ordinary people confronted with their own delusions, weaknesses and unaccountable desires. The stories evoke the dilemmas, pain and strange joys of childhood and adulthood.

Most of the stories are supported with meaningful illustrations in abstract art that will help the readers to connect better with the story. So plunge into this ocean of truth and wisdom and then bask in the sun as a truly enlightened being!
