How many times have you reached a destination and thought, "Wow, I walk really well"? But when you trip over a curb and skin your knee, it's a pretty good bet you'll wonder why this had to happen to you. An entertaining work of non-fiction, Don't Blame God It could be Murphy's Law probes deep into the mystery surrounding the origins of one of the world's most well-known statements of philosophy: If anything can go wrong, it will.

This beautifully designed book includes a wide variety of visual material alongside the text to make it a visual delight at the same time. So no matter what goes wrong, there is always somebody who knew it would – This Mr Murphy is presented as a humanized version of the Law. His constant but invisible presence on the scenes presents a vivid picture of the incidents.
