While buiding a house very often we have a general idea about the inputs and materials we wish to have, but cannot exactly put the design on the paper. Would it not be a great help if you had a wide variety to choose from?

So while choosing the gate-design this book will be of great help. It offers many interesting designs on the subject.

Some Examples:

- *Designs of German-style gate for Bungalows, offices and schools
- *Simple and beautiful Japanese designs
- *Latest German designs with wrought-iron bars and nets
- *Designs based on ancient British art
- *Circular cutting designs of iron bars welded with flat steel bar frames
- *Flowery designs of solid rod and plates
- *Straight iron bar designs with symmetrical arrangement
