Memories are what we live by. And what could be more fascinating to remember the first laugh, or the first step, of your little one?

This book helps you to keep the record of memorable pictures in a chronological order.

Right from its first cry to the sequence of growing-up events step by step.

There are certain moments of life which we all want to preserve. Camera does it by capturing the event. But that is not all.

It is an art to keep the pictures in a proper manner so that they retain their freshness and shine, and when you look at them in the future, you could feel the warmth of those moments.

These are the little pleasures of life. But undoubtedly these little pleasures are of great importance and one should never underestimate them.

This offering of Pustak Mahal is an ideal gift on birthdays or at the time of birth of a new baby. And for you, of course, it is an invaluable asset.
