Ghosts may not be real but strange accounts about them have given rise to all kinds of stories.

So strong is the compelling power of such accounts that even the die-hard rationalists start having doubts.

In fact, there are stories of ghosts and spirits from all over the world. And the interesting thing is that many people actually claim to have seen ghosts!

This book is an honest attempt to chronicle such accounts from different parts of the globe.

The reader unknowingly gets swayed into a new world of thrill and wonder. Illustrations and photographs make the matter vivid and interesting.
