These encounters have been with common people such as farmers, housewives, children playing in a park, movie actresses, doctors and scientists themselves! There have also been reports of kidnapping and accidents caused by these other world visitors from different planets or satellites.

However, all these exciting sightings have one sad ending—their sudden disappearance in thin air! Read on, to unveil this mystery!!

AN EXCERPT FROM THE BOOK IS AS FOLLOWS:

### UFO and Bigfoot

One night in February 1974, the sounds outside her home startled a Pennsylvanian woman. Not taking any chances, she went to the front door armed with a gun and cautiously stepped out onto the porch. Suddenly, she was confronted by a flesh-and-blood bigfoot-like creature, two metres away. When she shot the gun, aiming for his middle, she was astonished to see it disappear in a burst of light.

Having heard the shot, the woman's son-in-law rushed to her aid. Once outside, he saw other bigfoot creatures at the edge of the nearby woods. Hovering overhead was a bright red flashing light.

There have been a number of cases in which both the UFOs and the Bigfoot have been sighted at the same time and in the same area. Another case involving the humanoid creatures and the UFOs took place on a farm near Gettysburg, Pennsylvania. A twenty-two-year-old farmer's son named Stephen went to investigate a large, bright red luminous ball sighted one night in October 1973. He and the two ten-year-old boys, who accompanied him saw the object hovering close to the ground. Nearby, there were two tall, apelike creatures with green glowing eyes and long, dark hair. When they began to approach the threesome, Stephen fired a shot over their heads. When the creatures continued moving forward, Stephen fired three more times, hitting the largest creature. The UFO suddenly disappeared, and the hairy creatures turned around and walked into the woods.
